From Global Beauty Pioneer to Space Innovator: Shalini Vadhera's Journey

"My beauty journey has always been fueled by curiosity — from my family's rich Indian heritage to my travels across the globe, where I discovered the transformative rituals women practiced to nourish and empower themselves.

At Ready Set Jet, we set out to redefine beauty not just through ancient wisdom or modern innovation alone — but by blending them into powerful, portable rituals that elevate confidence anywhere.

Today, as the founder of the world's first certified-for-space beauty brand, I'm proud to take that mission to new heights — literally. Our products are not only rooted in the global secrets of ancient traditions but have now been validated to perform under the extreme, unforgiving conditions of space travel.

Because true beauty is about resilience. Exploration. Discovery. And whether you're conquering your dreams here on Earth or reaching for the stars, Ready Set Jet is here to elevate every step of your journey."

– Shalini Vadhera

The Power of Golden Seaweed Defend and Revive

The transformative benefits of our proprietary golden seaweed blend, derived from *Laminaria Ochroleuca*, a resilient algae, thriving in harsh coastal environments, provides exceptional properties to protect and revitalize your skin. More than skincare, it acts as a shield and rejuvenation solution, soothing irritation, defending against environmental stressors, and delivering deep hydration. Perfect for combating daily stress, sun exposure, and aging, our golden seaweed blend offers comprehensive skin health care.

Marine Fennel Botanical Blend Unlock Your Skin's Potential

Our proprietary marine botanical blend, an extract from marine fennel known for thriving in harsh environments. This science-backed ingredient enhances skin health by restoring the hydro-lipid barrier for soft, resilient skin. It revitalizes cellular respiration, combats environmental stress, and offers protection against inflammation and aging, ensuring vibrant and youthful-looking skin.

Key Benefits

- Brighter, more luminous complexion
- Enhanced elasticity and hydration
- Defense against oxidative stress and inflammation
- Gentle care for dry, mature, and sensitive skin types
- Inspired by nature, perfected by science

ANCIENT WISDOM Rooted in Ritual

Deep Nourishment from India & Egypt

Hydrogenated Castor Oil

A time-honored beauty staple used by ancient queens, this fatty acid-rich oil deeply nourishes and moisturizes dry lips and skin—restoring uneven skin tones and bringing softness and suppleness wherever you glow.

Barrier-Boosting Ritual from the South Pacific & Southeast Asia

Coconut Oil Ceramide Blend

Inspired by centuries-old island and south asian beauty rituals, this tropical blend locks in hydration and restores your skin's natural barrier—leaving it smooth, strong, and radiant.

Youth-Preserving Secret from Japan & France

Golden Seaweed

Harvested from pristine coastal waters, this golden seaweed blend calms irritation, protects DNA, and improves texture—bringing marine magic to your daily glow ritual.

Radiance Secret From The French Riviera

Marine Retinol (Crithmum Maritimum)

In southern France, women have long used Crithmum Maritimum in their natural skincare rituals. Known locally as "fenouil de mer," this hardy plant grows in rocky seaside conditions and was historically gathered for its high content of vitamins, sea minerals, and natural acids that detoxify and brighten the skin.
